TO: Residents of the Town of Farmington
FROM: Erica LaCroix, Town Manager *Erica LaCroix*
DATE: February 25, 2026
RE: FY2026 Budget

Please find attached the final FY2026 six-month budget approved by the Budget Committee and the Selectmen for consideration at the March 23, 2026 Town Meeting. This budget has been developed to be as lean as possible during the transition to the new fiscal year.

The net appropriation (expenditures less non-tax revenues) is 48% lower than 2025- an additional 1% lower than the preliminary budget presented in January. This is primarily due to decreased Police Department wages resulting from vacant positions. **The Town-only portion** of the budget reflects a **56% reduction**. County and School budgets show smaller decreases (47% and 48.9%, respectively) because this appropriation represents half of the increases to their budgets which started in July of 2025. The total budget does not reach a 50% reduction largely due to County and School assessments, a 59.8% decline in non-tax revenues, and the one-time use of \$1.3 million in Undesignated Fund Balance in 2025. The estimated mil rate for this six-month period is \$5.49¹.

SIGNIFICANT CHANGES FOR THE FY2026 BUDGET:

- All townwide (non-sewer) expenses have been consolidated into the Fixed Assessments cost center, including payroll taxes, retirement, health insurance, workers' compensation, landline telephone services, IT services, and shared software. These are "umbrella costs" that are the cost of doing business. Splitting those costs into each department is time consuming and often creates inaccuracies.
- Parks program expenses and revenues, including staffing, will move to Rec Programs, a new special revenue account (see page 61 of the budget detail), to better track program self-sufficiency. Maintenance and free programming remain in the Parks budget.
- No capital budget is included except for deficit coverage or projects already underway or contractually obligated—primarily capital roads and fire equipment.
- New spending requests are excluded unless essential.

¹ The actual mil rate will not be known until taxes are committed by the Assessor incorporating updated property valuation as of April 1, 2026.

- Single annual expenditures may appear as zero or fully budgeted depending on the month they are due (software licenses, inspections, dues, trainings).

PERSONNEL COSTS

- The Selectmen approved a COLA of \$.45, equivalent with the increase in the minimum wage, and applied to all employees. Note that this is not a percentage as has been the case traditionally. Applying a fixed dollar increase rather than a percentage ensures all employees are treated equally.
- No annual stipends (e.g., safety bonus, Select Board stipend, Police stipends) are included, as these are paid in December.
- Police wages are estimated pending contract expiration in March and include the same \$0.45 COLA placeholder.
- Parks wages to support paid recreation programs have been transferred to the new Recreational Programs special revenue account.
- Health insurance premiums have increased by 9% for the upcoming period. Because the Town adopted the more cost-effective Moosehead plan last year as the base option for all employees except police union members, we are somewhat insulated from the full impact of this increase. Employees who choose to enroll in higher-cost plans continue to pay the difference in premiums.
- PFML was transitioned to a private plan in April. We don't start paying into the private plan until May of 2026, and the percentage of payroll will be reduced from 1% to .82%. To get this rate we had to agree to add \$10,000 in employer-paid life insurance for all paid employees at a total cost of \$1,500 per year. The town burden is .32% of payroll and the employee burden is .5%.
- Workers' compensation costs decreased by 32%, with a possible year-end adjustment pending 2025 payroll reconciliation.

UTILITIES

- FWD will implement a 1.5% increase to water bills, primarily affecting hydrant costs.
- CMP electricity rates increased significantly in 2025 and again as of January 1, including a 20% increase to the Standard Offer Rate and modest increases to service and delivery charges (1% and 7% respectively).

NEW ITEMS

- Code Enforcement Planning Intern – In 2025 the Selectmen approved hiring a college intern to help with the Comprehensive Plan. The approval was for up to \$8,640. The \$4,640 in this budget is the remainder of her obligation.
- Police Department Part Time Patrol Officer – The Police Department is down a detective and one patrol position. This part-time position covers one shift per week adding \$9,249 to the 6-month personnel budget and \$717 to the payroll taxes which is offset by the vacancies.
- Parks & Recreation Copier Lease – Toner and supply costs for the Town-owned copier have increased significantly, and the unit no longer meets the printing demands of

program operations. Adding Parks to the Town's copier contract will increase the 2026 Parks budget by \$1,030.

- Community Center Security System – replaced old alarm system with new vendor and added security cameras. Added \$300 to 6-month budget.

REVENUE

- State Revenue Sharing is projected to decrease 8.82% due to typical seasonal reductions in March and April.
- Local Road Assistance, issued in late fall, is not included.
- Police revenues declined between 2024 and 2025 and are therefore expected to remain lower in the coming months. These revenues are difficult to predict because they are generated from sources such as parking fines (recorded when paid, not when issued), accident reports, and fingerprinting fees. Overall, public safety revenue is projected to decrease by 9.31% in the six-month budget period.
- Recycling revenue has been declining with the markets and is down 6.52% for this budget.
- The entire Program Fees revenue budget has been transferred to the Rec Programs special revenue account. As referenced at the beginning of this memo, all income and expenses related to operating paid recreation programs will be transferred to this account to remove the burden from taxes and track revenues keeping up with expenses.
- Certain revenues, including dog licenses and various registrations, are seasonal, whereas others occur only once per year. Therefore some revenues will vary more significantly from the 50% target than others.

CHANGES SINCE PRINTING OF PRELIMINARY BUDGET

- The Administration budget has increased \$580 due to increases in MMA dues and the addition of copier overages.
- The Assessor budget has increased \$3,763. There was a small increase to Association Dues, but the majority, \$3,723, is due to the need to continue supporting the TRIO tax modules which we had originally planned to discontinue due to implementation of the new Patriot system. Due to the need to keep the billing system in TRIO until we are able to transition to Trifecta we will not be able to drop this software at this time.
- The Treasurer/Clerk budget has increased \$1,655. The Treasurer merit increase was calculated incorrectly, adding \$450 to Salaries. TRIO financial software increased from \$1975/qtr to \$2084/qtr adding \$910 to Application Software. Payroll services increase from \$1750/mo to \$1798/mo adding \$295 to Payroll Services.
- The Code Enforcement budget increased \$100 due to the addition of copier overages.
- The Police Department budget has *decreased* \$25,640. The Budget Committee and the Selectman have reduced the Police Wages budget by \$28,240 to account for vacant positions which will not be filled prior to Town Meeting. There was an increase to the Telephones budget of \$2,600 due to the omission of the patrol vehicle wi-fi units in the original budget, and a setup fee for the new fax service.

- The Street Lights budget in Other Public Safety has increased \$1,300 due to the increases to CMP services.
- The Public Works budget has increased \$600 due to an increase in US Cellular fees.
- The Recycling budget has increased \$1,300, primarily due to the omission of tire recycling costs in the original budget (\$900). There were smaller increases to Archie's and Waste Management fees.
- The Parks & Recreation budget increased \$390. Wi-fi service at Hippach Field had been planned to be temporary until the Community Center reopened but will now support wireless security cameras going forward. There was also an increase to MyRec software fees. This system manages program registrations and fees.
- The Fixed Assessments budget has *decreased* \$22,620 due to the aforementioned decreased wages in the Police Department; \$3,365 in FICA, \$6,255 in Retirement and \$13,000 in Health Insurance.
- There was an increase to Debt Service of \$15,707. The Community Center Bond first six months of interest will be due in May instead of the entire interest being due in November as originally planned.

In total the difference between the Preliminary and Final FY2026 budget request is \$22,764.

The Select Board had directed that this budget and the FY2027 budget be kept as low as possible. The departments and I have done that to the extent that it is possible to control costs. Unfortunately, over half of the budget consists of costs over which we have no control. These include the County and RSU 9 assessments, utilities, healthcare, general assistance and other state mandates. We believe that this FY2026 budget has accomplished the Select Board goals while ensuring that services will not be reduced.

Tax Rate Impact on the Average Home in Farmington

The average home value in Farmington is approximately \$300,000.00. The tax rate in this proposed budget of 0.00549 will result in property taxes of \$1,648.30 for the average home. The two tables below are designed to show the property tax impact on the average home when the tax rate is adjusted up or down.

1/4 Increments in the Tax Rate

Tax Rate	Net Tax Appropriation	Increase / (Decrease)	Property Taxes Owed*	Increase / (Decrease)
0.00449	4,806,032.16	(1,069,352.84)	1,348.30	(300.00)
